

and inventory method; whether an election was made by the corporation; whether corporate property is a capital asset, section 1231 property, or inventory; whether an item is currently deductible or must be capitalized; whether corporate activities had been engaged in with the intent to make a profit for purposes of section 183; whether the corporation qualified for the credit for increasing research activities under section 41; and whether the corporation qualified for the credit for clinical testing expenses for a rare disease or condition under section 28.

(c) *Illustrations*—(1) *In general.* This paragraph (c) illustrates the provisions of paragraph (a)(5) of this section. The determinations illustrated in this paragraph (c) that the corporation is required to make are not exhaustive; there may be additional determinations that the corporation is required to make which relate to a determination listed in paragraph (a)(5) of this section. The critical element is that the corporation is required to make a determination with respect to a matter for the purposes stated; failure by the corporation actually to make a determination (for example, because it does not maintain proper books and records) does not prevent an item from being a subchapter S item.

(2) *Contributions.* For purposes of its books and records, or for purposes of furnishing information to a shareholder, the S corporation must determine:

(i) The character of the amount received by the corporation (for example, whether it is a contribution, loan, or repayment of a loan);

(ii) The amount of money received by the corporation; and

(iii) The basis to the corporation of contributed property (including necessary preliminary determinations, such as the shareholder's basis in the contributed property).

To the extent that a determination of an item relating to a contribution can be made from these and similar determinations that the corporation is required to make, that item is a subchapter S item. To the extent that the determination requires other information, however, that item is not a subchapter S item. Such other informa-

tion would include those factors used in determining whether there is recapture under section 47 by the contributing shareholder of the general business credit because of the contribution of property in circumstances in which that determination is irrelevant to the corporation.

(3) *Distributions.* For purposes of its books and records, or for purposes of furnishing information to a shareholder, the S corporation must determine:

(i) The character of the amount transferred to a shareholder (for example, whether it is a dividend, compensation, loan, or repayment of a loan);

(ii) The amount of money distributed to a shareholder;

(iii) The fair market value of property distributed to a shareholder;

(iv) The adjusted basis to the corporation of distributed property; and

(v) The character of corporation property (for example, whether an item is inventory or a capital asset).

To the extent that a determination of an item relating to a distribution can be made from these and similar determinations that the corporation is required to make, that item is a subchapter S item. To the extent that the determination requires other information, however, that item is not a subchapter S item. Such other information would include the determination of a shareholder's basis in the shareholder's stock or in the indebtedness of the S corporation to the shareholder.

(d) *Cross reference.* For the definition of subchapter S item for purposes of the windfall profit tax, see § 51.6245-1T.

(e) *Effective date.* This section shall apply to taxable years beginning after December 31, 1982.

### § 301.6303-1 Notice and demand for tax.

(a) *General rule.* Where it is not otherwise provided by the Code, the district director or the director of the regional service center shall, after the making of an assessment of a tax pursuant to section 6203, give notice to each person liable for the unpaid tax, stating the amount and demanding payment thereof. ### § 301.6305-1 Assessment and collection of certain liability.

(a) *Scope.* Section 6305(a) requires the Secretary of the Treasury or his delegate to assess and collect amounts which have been certified by the Secretary of Health and Human Services as the amount of a delinquency determined under a court order, or an order of an administrative process established under State law, for support and maintenance of a child or of a child and the parent with whom the child is living. These amounts, referred to as "child and spousal support", are to be collected in the same manner and with the same powers exercised by the Secretary of the Treasury or his delegate in the collection of an employment tax which would be jeopardized by delay. However, where the assessment is the first assessment against an individual for a delinquency described in this paragraph for a particular individual or individuals, the collection is to be stayed for a period of 60 days following notice and demand. In addition, no interest or penalties (with the exception of the penalties imposed by sections 6332(c)(2) and 6657) shall be assessed or collected on the amounts, paragraphs (4), (6) and (8) of section 6334(a) (relating to property exempt from levy) shall not apply; and, there shall be exempt from levy so much of the salary, wages, or other income of the individual which is subject to garnishment pursuant to a judgment entered by a court for the support of his or her minor children. Section 6305(b) provides that sole jurisdiction for any action brought to restrain or review assessment and collection of the certified amounts shall be in a State court or a State administrative agency.

(b) *Assessment and collection—(1) General rule.* Upon receipt of a certification or recertification from the Secretary of Health and Human Services or his delegate under section 452(b) of title IV of the Social Security Act as amended (relating to collection of child and spousal support obligations with respect to an individual), the district director or his delegate shall assess and collect the certified amount (or recertified amount). Except as provided in paragraph (c) of this section, the amount so certified shall be assessed
